Service & Repair

Genuine Rexroth

All Under One Roof: **Rexroth**

The individual brand names of our company have been unified under the Rexroth umbrella to form a new force in the marketplace.

- Brueninghaus Hydromatik
- Lohmann + Stolterfoht
 - Indramat
 - Star
 - Mecman
- Bosch Automation
- Uchida Hydraulics
 - Racine
- Wabco Fluid Power
- Hydronorma

Genuine

Rexroth Parts

precision engineered for performance

Don't settle for less than genuine Rexroth. Only with genuine Rexroth parts are you ensured of the performance that comes from the world-class engineering and manufacturing expertise of Bosch Rexroth. Accepting anything less is risking degraded performance, shortened operating life, and future headaches.

Sure, parts may look identical, but there is a world of difference in the performance of genuine Rexroth parts.

Genuine Rexroth parts are not available from anyone other than Rexroth.

Genuine

Rexroth Repairs

Back to original factory standards

Count on genuine Rexroth repairs to return components back to factory-new condition. From minor repairs to major overhauls, we have the knowledge, skills, and facilities to bring any repaired component back to original factory specifications. From initial diagnostics to delivery of repaired components with a new warranty, we use genuine Rexroth parts to ensure quality performance.

Genuine

Rexroth Service

Expertise for reliable productivity

Preventive maintenance, on-site inspections, and reliable service are the best ways to avoid costly downtime, maximize productivity, and extend the life of equipment. Genuine Rexroth service gives you fast access to the best field-service engineering team in the industry. Services range from project management and equipment commissioning to on-going troubleshooting and problem diagnosis. We can even help you pinpoint problems not caused by Rexroth parts, such as mechanical problems, electrical malfunctions, or process shortcomings.

Whether your needs are on the factory floor or a remote jobsite, genuine Rexroth service is your global source for fast, reliable on-site support.

Genuine

Rexroth Training

The value of real knowledge

For both machine designers and end users, genuine Rexroth training equips you to get the most out of our products. From designing servo systems to installing and maintaining hydraulic or pneumatic systems, our training stresses hands-on experience, practical exercises, and uses traditional and new educational technologies. Learn how to get the most out of Rexroth products—and how to keep them up and running productively.

Genuine Rexroth parts, repairs, service, and training.

In a world of knockoffs and commodities, it pays to go Genuine. It's the best way to be sure you're getting the best and not compromising your equipment or your business.

You already have Rexroth quality and reliability, and you deserve to keep it that way, with Genuine Rexroth Parts, Repairs, Service, and Training.
