New Bracket For MPS Flow Rack System

The new MPS bracket, part number 3842 536 002, can now be ordered as an alternative to the standard T-connector, part number 3842 532 879. The standard T-connector will remain a component of the MPS product range because it offers the advantage of maximum space utilization on the flow rack system.

The product advantages of the new brackets, as compared to the T-connector, are:

- Easier and faster assembly
- Simpler and faster adjustability of the tubular crosses installed

The Product details for the new bracket are:

- 1x bracket, 60x47x4 sheet steel, 4 mm, galvanized chrom.
- 1x S8 screw
- 2x M8x20 T-bolt
- 2x M8 flange nut

Pricing for the new bracket:

- Qty. of 20 - \$2.80
- Qty. 100 - \$2.50
- Qty. 1,000 - \$2.20

The bracket is available in packages of 20 (VE20).
